Dear Parents,

In order to accommodate both those students who bring peanut butter sandwiches and to insure the safety of our students who have peanut/tree nut allergies, we are offering a "Nut-Free Table" area in our cafeteria at lunchtime again this year. We again also offer our "End - of - Table" seating option, where a student sits at the end of the table with his/her classmates, but surrounding classmates may not bring or purchase any nut-containing item. If you would like your child to sit at this table/area during lunch time, please check the appropriate line and return the form below. Please be aware that no child at the Nut-Free table may bring or purchase any peanut/tree nut-containing food.
